QUINTA MAZATLAN

The urban sanctuary works to enrich people's lives by sharing knowledge about birds, plants and environmental stewardship in South Texas.

Forest Sculpture Trail

You're invited to sponsor a permanent outdoor sculpture and be recognized with your logo engraved on a stone boulder at the base of the artwork.

THE GOAL

The exhibit will feature 30 metal sculptures to grace our community and enrich the quality of life in the City, increasing public awareness of our natural heritage. The "animal" sculptures will range in size from 24 inches to 7 feet long and will communicate the story of a "land of diversity" in South Texas. The sculpture trail and educational bilingual signage will become a permanent outdoor exhibit along a half-mile trail around the historic home.

THE AUDIENCE

The Forest Sculpture Trail has the potential of attracting tens of thousands of visitors to the permanent outdoor art exhibit. The project will enhance development of a vibrant, cultural environment which motivates creative people and innovative companies to visit and move to our area, having a positive economic impact on the City of McAllen.
